

Closure of Path in Craiglockhart Dell – 29th July for 2 weeks

The route immediately upstream from the Centre is will be closed due to emergency Scottish Water works on the pipe across the river. And the footbridge is out of action due to vandalism. The suggested route is:

Heading Upstream (to Balerno): walk / ride – up Lanark Road, turn left into Redhall Walled Garden drive and then right toward the allotments and immediately left down the small path to rejoin the walkway and turn right to continue upstream.

Heading downstream (to Slateford and the Centre) – at Bogs Bridge (large stone bridge) do not cross and stay on the left bank, at the end of the allotments turn left up the small path to allotment gate, turn right and the left to head up to Lanark Road. Right when you join Lanark Road, and head down the road until you see the Visitor Centre.

We have also include a route along the canal which some may find nice than the road but involves a big flight of steps. – sorry for the inconvenience.
